

Otis F. Carr & Wayne Aho to Return Oct. 1st.

Once again we will be visited by these two gentlemen who are on their second nationwide tour. Mr. Carr will be able to give more time to explain his OTC Enterprises than was possible at the June MFSF Convention. There will be time for questions also. Start your list now! He will have with him a new demonstration model.

Wayne Aho has certainly been in an excellent position through visiting many UFO organizations to bring us up-to-date some r-wise after our Summer recess.

NOTICE! This meeting will not be held at our usual meeting place or on the regular meeting night. It will be held instead at the YWCA, 211 So. Rose St., one block south of Michigan Ave. (U.S. 12) Time: 8: P.M. Plan to arrive a little early for the show. A large room has been obtained and the public has been invited. A free-will offering will be taken to meet expenses. We hope to see many of our friends from Benton Harbor, Battle Creek, Plainfield & Hastings.

CLUB NOTES

There is a great need within the KFSS Club for volunteer help if this organization intends to carry on a Winter program. The program will be geared to the amount of effort put into it. This organization has, like any other, been run by too few who can see the worth of putting into, rather than seeing what they can get out of it. If you wish to participate in any way, let us hear from you to talk it over. You need not be an expert. Your willingness is the most important requirement.

Read - Support FLYING SAUCERS (formerly F. S. from Other Worlds)

The October issue, now on the stands, contains a photo taken from a Sabre Jet offering positive proof that flying saucers are real!

Another feature is "The Psychology of UFO Secrecy" by Coral L. Lorenzen. You may not agree entirely with the viewpoints expressed, but it is an eye-opener!

We think the editorial by Ray Palmer is worth the price of the magazine itself. We think everyone should back a person who will print both sides of a story and this Ray does regardless of where chips fall. It is the only magazine on the newstand and we should all help to keep it there and thereby keep this avenue open to the public! The news dealers need sales to make it worth their while to handle the magazine. Buy it on the stands or send \$3.50 (12 issues) or \$6.00 (24 issues) to Flying Saucers, Amherst, W.I.

DON'T MISS THE DECEMBER ISSUE! The first of a series of exposures of the so-called "silence group" will be printed. You will learn who they are, why they were created, and why you should demand the truth about the flying saucers.

Editor this issue, E.W. Maier
